Aucient Cities Discovered. MATIMI, Mex., May 28.-The Ameroil the position of president of cently discovered city in the Sierra

Washington, May 29.—Speculation as to the fate of the tariff bill is now concerned, first, with the fate of th sugar schedule, and then with the date

sugar schedule, and then with the date when the final vole upon the passage of the bill is likely to be taken. The week opens with very divided opinion as to the result of various amendments which will be offered to the sugar schedule.

The reason why the discussion of the angur schedule is so important is not merely beenuse of its probable sensational character, but because any radiwhich begun on April 21 hns reached that stage where vast basiness intercal change in that schedule, such as the restoration of bounty on domestic raw sugar, or the admission of foreign raw sugar free of duty, would mean almost the certain defeat of the eathre bill. To accomplish this purpose republican leaders in the senate will devote all their energies during the coming week. If they fall it will be because they do not command the eatire strength of

Senator Sherman latends to open the delute upon the sugar schedule, which he will do as soon as the schedule of wood and manufactures of wood is fin-

Oplulons differ very radically among even republican senators as to when a floal vote upon the bill will be taken. Estimates now given by such demo-cratic senators as lirice, Faidkner, Jones and Voorhees, range from the 15th to the 20th of Jane. Some western republicans, especially the silver re-publicans, such as Duhols and Shoup. of Idaho; Teller, of Colorado, and Jones, of Nevada, agree in general with none of them will go so far as to pin their judgment to any positive date.

Other republican senators do not beileve that a vote can be reached before July, Senator Higgins, of Delaware, said Monday that he could not see how n vote could possibly be reached, even without any delay whatever, ut the latest date fixed by democrats, June 20. Shortly ufter Senator Walsh took the flour Monday to speak on the tariff question, Scaatora Hale, Aldrich, Lodge and a few other republicana met in the committee room of Mr. Hale for the purpose of discussing the situation and considering the advisability of calling a canons within the next few days for a party itlsenssion of the line of campaign to be pursued in the debate and final action on the sugar schedule. The republicans believe they have it in their power to control the senate on this matter.

After a proposition to maintain the resent bounty is voted down, as it nn-conductly will be, the minority will, ecording to their present programme, move to put sugar on the free list. In this they expect to have the assistance of a few democrata and at least one of the populists. It can be asserted that If this motion is made by a republican It will be done at a time when the republicans believe they have the votes to defent the committee's proposition, and the motion will not be made until this vote is assured.

PHYSICIANS AND SURGEONS.

The Trieunial Congress About to Begin in WASHINGTON, May 29 .- The present week will witness a noticeable gather-ing of toedleni men in this city, drawn here for the purpose of attending the trlennial congress of American physiclans and surgeons. The sessions of the congress will be held in Metzerott hall on May 29, 30, 31 and Jnne t. The formal programme of the meetings of the congress together with those of the fonrteen individual component associatlons which meet here at the same ledies will meet in the farenoon, while the congress proper will assemble in the afternoon of the days mentloned Tuesday the congress will be opened by the chairman of the executive coumittee, Dr. Langdon C. Gray, of New York. The session that afternoon will be under the direction of the American Association of Anatomists, the subject for discussion being "Morphology us a Wednesday the subject for discussion will be "Sewer tlas," under the directlon of the American Climatological as sociation and "The Distribution and Control of Leprosy in North America, under the direction of the American clety of Genito-urlnary Surgeons and the American Gynecological society will control the time of Thursduy's meeting and on Friday after a business

DEMOCRATIC PENSIONS. Will Increase the Rates of the

t 890 Law.

Senator Vorhees, nne of the Democratic leaders in the Senate has introduced a bill providing that every pension granted to soldiers or their widows under the act of June 29, 1890, shall be raised to \$12 a meatir, and that no jenslen under said act shall be issued at a ower rate.

What will those howlers who are always preaching Democratic hospitality to pensioners say to this? omehow they fail to meation any lavorable action. But this is not surprising to those who know that the howling is all done to eatch the votes of those pensioners who are thought to be too ignorant to learn the truth for themselves.

Washington, May 28.—Senava—Thursdov's movement in the renate on the tariff bill wes from page 25 to page 25. The one on which the portion of the debate took place was the timplate paragraph, and the result was to leave the duty on the place 1 1-3 cents per pound-the same as in the house bill. A less extensive discussion took place over an amendment of terred by Mr. Allen (pop., Neb.) to put barbeifence wire on the free list. The amendment was accepted by Mr. Jones (Ark.), on behalf of the flaence committee and was incorporated in the flaence committee and was incorporated in the hill with the understanding that it will be framed hereafter by the committee was e discussion of the resolution offered by Mr. Kyle (pop., S. D.) on Wednesday announc-ing a pulicy of non-interference in the political affairs of linwait. The resolution went over

House—Consideration of the legislative, exceutive and judicine appropriation hill at the present stage of legislation was finally concluded in the house bursday. When reported to the house by the committee of the whole the changes made had lorensod the total of appropriation curried by the sum of \$18,324. This was exclusive of the appropriation for the payment of the adarlers of members and clerks of the activities of the appropriation for the payment of the adarlers of members and clerks of the civil service commission, amounting to \$39,340, which the committee ordered to be stricken out. That made the amount carried by the bill \$21,06,217. When the bill reached the house all the amountment adopted in could he house all the amountment adopted in could he house all the amountments adopted in could he house all the amountment adopted in could he house all the amountments adopted in could he house the house of the whole were agreed to and the bill was passed. The vole un striking out the appropriation for the civil service commission.

A young woman at Newport was married when twelve years all, hearing the house of the whole were agreed to and the bill was passed. The vole un striking out the appropriation for the civil service commission was 78 to 158.

was 'N to 158.

WASHINGTON, May 2A.—SENATE—In the aenate Friday Senator Kyle's Hawalian resolution was railed up and discussed until the tariff hour, when Senator Harris Insisted upon the regular order. Senetor Frye protested against cutting off debate on the resolution, and Senator Hour urged immediate action. Mr. Hinris broke in and declered that the tariff bill was before the senale, and further debate on this auhiect was out of order. Mr. Hoar protested in vigorous terms against what he termed these repeated "angry and disceutreous lectures" from the senator from Tennessee. Hood progress was made on the tariff schedules.

Houss—Col. Herry called up in the house

ress was made on the tariff schedules.

Housa—Col. Herry called up in the house Friday his hill to have the general government turn over to the city of Newport, Ky., the property known as the Newport Barracks, to be used as a public park. It was indever for consideration at some later time. The bilt has been reported lavorably by the committee having it in charge. The day was given up to the consideration of private hills. The committee naricelems reported a batton of thirty-seven bilis, nearly all of which were claims for losses of cotton in Nouth Carolina during the war.

Washington, May 28.—Sanata—The paragraph relating to the duty on wheels of tron or steek, err and locomotive wheels, etc., was taken up Saturday. The original Jones amendment lacreased the rate in the house ell from 30 to 40 per cent. ad valorem. Mr. Vest moved to substitute a. specific rate of 1½ cent per pound. Mr. Quay supported the Vest amendment as preferable to an ad valorem duty. It was agreed to. The committee amendment faing he rate on lead eres in three-fourths of a cent per pound was then agreed to without division. Mr. I'uwer moved to increase the duty of pig lead from 1 to 1½ cent per pound. Lost.—30 to 25. A new paragraph, fixing the duty on nickel and alleys of nickel at 6 cents per pound was agreed to. Mr. Dubois offered an amendment is change the duty on type metal from 15 per cent. to 3 of neent per pound on the lead contained therein. Defeated. The duty on zine, in block or pigs, was, on motion of Mr. Vest, chenged from 20 per cent. ad valorem to 3 of a cent per pound; nin sheet zine from 25 per cent. to 14 cent per pound. and en old zine fit enly to be manufactured from 15 per cent. to 4 of a cent per pound. This finishes the schedulus. WASHINGTON, May 28.-Sanata-The para-
